

Chiba University
Graduate School of Science and Engineering

Master's Program for
Double Degree Program Special Selection

Admission Guidelines

April 2025 Admission/2nd Selection
October 2025 Admission/1st Selection

<i>Division of</i>	<i>Department of</i>
Earth and Environmental Sciences	Environmental Remote Sensing
Creative Engineering	Design

Before applying, please contact directly a supervisor in the education and research field that you wish to choose to confirm your choice.

Graduate School of Science and Engineering <https://www.se.chiba-u.jp/en/index.html>
Chiba University <https://www.chiba-u.jp/e/index.html>

This program is for the applicants who are currently enrolled at one of the overseas sister universities and at the same time should be enrolled at Chiba University (CU), and would aim to obtain the master's degree from each university.

Before applying, please contact directly a supervisor in the education and research field that you wish to choose, and inquire about the content, etc. of the related education and research so as to confirm your choice.

You can view the Admission Policy of the Graduate School of Science and Engineering, and of Chiba University Graduate Schools on the webpages.

2. Qualifications for Admission Application

Applicants must be current graduate students at the graduate school of the university that made an agreement on the Double Degree Program with the Graduate School of Science and Engineering, Chiba University, or be expected to be accepted an offer of admission by the university that made an agreement on the Double Degree Program with the Graduate School of Science and Engineering, Chiba University, and besides they are required to meet one of the following requirements.

**The asterisked deadline of March 2025 in the following (1)-(6) concerns applicants who will enter the graduate school in April 2025. For applicants proposing to enter from October 2025, the deadline is September 2025.*

- (1) They must have completed a 16-year program in the educational institutions in a foreign country, or expect to complete such a program by March 2025*.
- (2) They must have completed a 16-year program in the educational institutions of a foreign country, or expect to complete such a program by March 2025*, after taking a correspondence program offered in Japan by a foreign school.
- (3) They must have completed, or are expected to complete a foreign university curriculum by March 2025*, through which the applicant is certified as having completed 16 years of school education in the respective foreign country, at an educational facility in Japan that has been accredited as having a curriculum approved under the educational system of the respective foreign country and is so designated by the Minister of Education, Culture, Sports, Science and Technology of Japan (hereinafter referred to as “the Minister of MEXT”).
- (4) They must have been awarded, or are expected to be awarded a degree equivalent to a bachelor’s degree by March 2025*, by completing a three-year or longer program at a foreign university or other foreign educational facility. The university or educational facility must have been accredited by the respective foreign government or a person certified by the appropriate foreign governmental agency, or have been so designated by the Minister of MEXT (This includes applicants who have completed an appropriate program offered by the respective foreign educational facility through distance learning while residing in Japan, and applicants who have completed an appropriate foreign educational program at an educational program at an educational facility in Japan as specified in the previous category.).
- (5) They must have completed a 15-year program in the educational institutions in a foreign country, or must have completed a 15-year program in the educational institutions of a foreign country after taking a correspondence program offered in Japan by a foreign school, by March 2025* and have been recognized by this graduate school as having obtained the prescribed number of credits with superior grades.
- (6) They must have been recognized to have scholastic attainments that are at least the equivalent of those of graduates of foreign universities, based on an examination, conducted by this graduate school, of the applicant’s qualifications to enter this school, and be also 22 years of age or be going to turn 22 by March 2025*.

Applicants who would meet the Required Qualifications (5) or (6) above need another procedure in advance. Please see “4. Request for Judging Applicant’s Qualification to Take the Entrance Examination” (p.4).

3. Application Procedure

Applicants should submit the application materials of the following item (3).

- (1) Application Period: Tue., December 10 – Wed., December 11, 2024 (without fail)
- (2) Application Method
 - ① If mailing your application in Japan, please send it by a simple registered mail, writing “Contents: Application for Master’s Program for or Double Degree Program Special Selection” in red on the envelope. If mailing from outside Japan, send it by EMS (Express Mail Service).
Mailed applications must arrive before 5:00 p.m. by the same deadline as above.
Incomplete documents might be not accepted. When application is to be made directly from abroad, applicants are strongly advised to contact the Graduate Student Affairs Unit of the Student Affairs Division for Science and Engineering for confirmation of the applications well ahead of the application deadline.
 - ② If submitting your application in person, visit our office, the Graduate Student Affairs Unit of the Student Affairs Division for Science and Engineering.
Venue: Faculty of Engineering Bldg. #11, 1st floor
Time: 9:00 a.m. - 5:00 p.m.
- (3) Application Materials
Those prescribed forms of **A1-a**, **A1-b**, **B1-a**, **B1-b**, **A2**, **B2** and **C** should be downloaded to use from the website of the graduate school. (<https://www.se.chiba-u.jp/admission/first/dd.html>)

<i>Required Materials</i>	<i>Notes</i>
① Application Forms	Fill in the prescribed form as below. > A1-a A1-b for April Admission > B1-a B1-b for October Admission
② Admission Ticket for Examination and Photo ID Card	Fill in the prescribed forms as below. Do not separate these forms of Admission Ticket for Examination from Photo ID Card. > A2 for April Admission > B2 for October Admission Admission Ticket for Examination will be needed for administrative process for the Student ID Card issuance after enrollment. Please keep it securely.
③ Official Transcripts	An official transcript prepared by the president or dean of the last attended university is available. And besides, applicants who are currently graduate students at the graduate school of the university may submit an official transcript of the graduate school.
④ (Expected) Graduation Certificate	An officially certified copy of the (expected) graduation certificate prepared by the president or dean of the last attended school is available. The applicant who would submit an expected graduation certificate, must submit a graduation certificate following completion of their undergraduate program by the time of the entrance procedures.

(2) Submission Period: Thu., November 7 – Fri., November 8, 2024 (without fail)

(3) Submission Method

① If mailing your application in Japan, please send it by a simple registered mail, writing “Contents: Request for Judging Applicant’s Qualification for Master’s Program for Double Degree Program Special Selection” in red on the envelope.

If mailing from outside Japan, send it by EMS (Express Mail Service).

Mailed applications must arrive before 5:00 p.m. by the same deadline as above.

Incomplete documents might be not accepted. When application is to be made directly from abroad, applicants are strongly advised to contact the Graduate Student Affairs Unit of the Student Affairs Division for Science and Engineering for confirmation of the applications well ahead of the application deadline.

② If submitting your application in person, visit our office, the Graduate Student Affairs Unit of the Student Affairs Division for Science and Engineering.

Venue: Faculty of Engineering Bldg. #11, 1st floor

Time: 9:00 a.m. - 5:00 p.m.

(4) Notification of Results

Applicants will be notified of the decision whether to recognize their qualification by a simple registered mail or EMS.

(5) Admission Application Procedures

The applicants who are approved that they are qualified to take the entrance examination by this graduate school, still need to submit the rest of the admission application documents during the admission application period, though the documents already submitted in this recognition process are not necessary to be resubmitted for that.

(6) Entrants Selection Process

The admission’s selection of the applicants approved in this recognition process, is conducted in the same manner as general applicants.

5. Entrants Selection Process

(1) Selection Method

Applicants will be selected based on an examination (an oral interview) and academic transcripts.

(2) Examination

Oral interview: It will include a check in the basic scholastic ability and a research proposal and others.

(3) Examination Date and Time

Mon., February 3, 2025, 10:00 a.m.

*There is an advance examination system for those who cannot take the examination in person on the above exam date for some reason. Please contact desired supervisor for more information or questions before applying.

(4) Examination Location

It will be held at Nishi-Chiba campus at Chiba University. Please confirm the notice posted on the bulletin board for more details. (See section 6-(1) below.)

6. Precautions

- (1) Necessary information about the examination and assignment of examination rooms will be posted on the bulletin board of the Faculty of Engineering at 10:00 a.m. the day before the examination.
- (2) Please be sure to bring and have your Admission Ticket for Examination with you on the entrance examination day.
- (3) On the entrance examination day, there happen to be some traders concerned with soliciting for notice of the exam results by telegram or the sales of goods at the nearby station or campus around. Those acts bear no relation to Chiba University. You must be careful not to be in trouble by being charged unreasonably for them. Chiba University will take no responsibility for it even if such an accident happens

7. Announcement of Examination Results

Successful applicants' application codes will be posted on the Graduate School website as below.

<i>Graduate School Website</i>	<i>Viewing Period</i>
https://www.se.chiba-u.jp/en/admission/result.html	Fri., Feb. 14, 2:00 p.m. – Tue., Feb. 18, 2025, 5:00 p.m.

For all applicants, the Graduate School of Engineering will promptly send, the letter of the examination results to the address written on the prescribed form **A1-a** or **B1-a**, by mail: Letter Pack Plus or EMS. For successful applicants who are accepted, a Letter of Notification of Acceptance (*Gokaku Tsuchisho*) and the relative documents such as admission procedures will be also sent.

Any questions concerning results by telephone or email are not available.

8. Entrance Procedures

(1) Period

<i>Admission Type</i>	<i>Period of Online Entrance Procedures</i>	<i>Delivery of Entrance Procedures Guidebook</i>
April 2025 Admission	Mon., Mar. 3, 3:00 p.m. to Fri., Mar. 14, 2025, 3:00 p.m. (Japan time)	It will be sent to the successful applicants by mail (EMS or Letter Pack) with the Notification of Acceptance.
October 2025 Admission	Mon., Sep. 1, 3:00 p.m. to Fri., Sep. 12, 2025, 3:00 p.m. (Japan time)	It will be sent to the successful applicants by mail (EMS or Letter Pack) around by early September 2025.

The Online Entrance Procedure System is introduced to Chiba University (CU) to improve usefulness for the successful applicants.

You can complete the entrance procedures through the System without visiting the campus for submission in person.

The successful applicants who have not been completed the entrance procedures within the prescribed entrance procedures period mentioned above, will be regarded as enrollment declining.

(2) Expenses

- Admission/Tuition Fees: There are no fees to be charged based on the agreement on Double Degree Program..
- Insurance for Injuries from Accidents (called “*Gakkensai*”) and Comprehensive Insurance for Students Lives Coupled with “*Gakkensai*” (called “*Futai*”)

[International students]

All the international students with student visa are required to get both insurances of i and ii as below that are payable at any post office or *Yucho* Bank in Japan.

- i) Insurance for Injuries from Accidents (“*Gakkensai*”)
 - JPY1,750 (for 2 years), and besides,
- ii) Comprehensive Insurance for Students Lives Coupled with “*Gakkensai*” (“*Futai*”)
 - JPY3,260 for Type A (for 2 years), or
 - JPY20,130 for Type B (for 2 years)

[Other students]

All the students except the above international students are required to get below insurance that is payable at any post office or *Yucho* Bank in Japan.

JPY2,430 (for 2 years including “*Gakkensai*” and “*Futai*”)

The new insurance premiums will go into effect as of the time of the revision if the insurance premiums have been revised.

Further details will be informed with the Entrance Procedures Guidebook.

https://www.chiba-u.ac.jp/for_school-life/support.html

9. Completion Conditions

The standard residence period in the master’s program is two years. It is the necessary conditions to complete the master’s program that you must be registered for two years or more, and also take thirty credits or more which are provided by this graduate school, and besides, successfully pass inspection of the master’s thesis or the result of study on a specific subject, and the final examination.

10. Early Completion

A student may complete the master’s program in more than a year and less than two years if the student has achieved exceptional research results.

Based on “the Foreign Exchange and Foreign Trade Act”, Chiba University established “the Security Export Control Regulations of National University Corporation Chiba University” and is conducting rigid examinations before accepting students.

Desired research activities may be restricted when they are applicable to the regulations.
