

## Admissions Application from Overseas Candidates\* and Selection Method for Master's and Doctoral Programs to the Graduate School of Science and Engineering

At the moment, foreign nationals who are currently staying in many countries outside Japan might be subject to denial of landing due to the spread of coronavirus infection (COVID-19). Therefore, we have decided to deal with the admission application and the entrance examinations scheduled in 2020, as below for them.

And besides, we will plan to conform to the following way for the admission application in and after November 2020 and the entrance examinations depending on the future situation.

### \*Overseas candidates;

*who are currently staying in one of the specified countries/regions written in the notice, "Regarding refusal of landing to prevent the spread of COVID-19 (novel Coronavirus)" announced by the Japan Ministry of Justice as of May 25, 2020.*

### **【 Master's Programs Admissions/General Selections 】**

Application period: June 23-25, 2020

#### 1. October 2020 Admissions

It has been canceled accepting application from the overseas candidates.

#### 2. April 2021 Admissions

The overseas candidates may be handled as below.

- TOEIC or TOEFL score report or certificate must be submitted us with other required application material before the application deadlines.

(Candidates to the department of Environmental Remote Sensing, and of Imaging Sciences must also submit us the one before the application deadlines.)

- Candidates to the department of Environmental Remote Sensing, of Urban Environment Systems, and of Imaging Sciences that were originally scheduled to take an oral interview in person as the entrance examination, are now required to take an online interview on Tuesday, August 18, 2020.

- Candidates to other departments may be screened and selected through an online interview taken on the specified date in the table below. That is the final admission decision.

(Those with being exempt from taking the written test based on the result of the online interview, will be successful examinees. Others without exemption from it will be

unsuccessful in the entrance examination.)

<i>Fields of</i>	<i>Science</i>	<i>Engineering</i>
<i>Department of</i>	_ Mathematics and Informatics _ Earth Sciences _ Physics _ Chemistry _ Biology	_ Applied and Cognitive Informatics _ Materials Science _ Applied Chemistry and Biotechnology _ Architecture _ Design _ Mechanical Engineering _ Medical Engineering _ Electrical and Electronic Engineering
<i>Online Interview</i>	Sunday, July 19, 2020	Saturday, July 18, 2020

### **【 Master's Programs Admissions/Special Selections 】**

Application period: June 17-18, 2020

1. October 2020 Admissions
